## READ LABEL BEFORE USE

### WARNING

Can be harmful if swallowed. Causes serious eye irritation.  
May be harmful to the liver through repeated or prolonged exposure.  
Hazardous to terrestrial vertebrates.

Avoid inhalation of mist or spray.

Wear eye protection and disposable overalls or long-sleeved top, long trousers and closed in work shoes.

Wash hands and face thoroughly after handling the products.

Do not eat, drink, or smoke while using.

### FIRST AID

Good hygiene should still be practiced. Wash any exposed skin with soap and water after use and before eating, drinking, or smoking.

If in EYES, rinse cautiously for several minutes, remove contact lenses if present and safe to do so. Continue rinsing and seek medical advice or call the National Poisons Centre (0800 764 766).

If SWALLOWED rinse mouth, do not induce vomiting and give one or two glasses of water. If feeling unwell, contact the National Poisons Centre (0800 764 766) or seek medical advice and have product label at hand.

### SPILLAGE

Do not walk-through spilled material. Wear the PPE recommended above. Stop leak when safe to do so. Bund area using soil or spill kit. Minimise risk of product entering waterways, drains or stormwater.

**SMALL SPILLS/LEAKS:** Absorb with material such as sand, soil, or sawdust. Collect spilled product and place in sealable container for disposal. Spill residues may be cleaned using water and detergent. Absorb and collect washings and place in a container for disposal.

**LARGE SPILLS/LEAKS:** Prevent further dispersion, dike the area of large spills, and report them to 0800 CHEMCALL, or 0800 243 622 and local or Regional Council. Where appropriate, and suitable equipment is available, clean-up as described for small leaks/spills.

In case of a transport emergency call 111, Police or Fire Brigade.  
Seek advice from the SDS or this label regarding disposal.

### DIRECTIONS FOR USE

RED DYE MARKER is for adding to spray solutions for easier identification of treated areas to avoid unnecessary overlapping and help prevent missed areas. DO NOT allow concentrate, solution or spray drift to come into contact with desirable surfaces such as motor vehicle paint work.

### RATE OF USE

Use the higher rate if more intense colour marking is required. If terrain is difficult to mark or a greater intensity of colour is required increase the concentration of RED DYE MARKER in the spray solution. Experimentation for individual users will establish an economic rate for application.

### KNAPSACK

5 - 10 ml per 10 L water.

### HAND-GUN OR BOOM SPRAYING

50 - 100 ml per 100 L water.

### MIXING

Add RED DYE MARKER to water in the spray tank first, agitate or mix thoroughly before adding any other product.

### COMPATIBILITY

Under most circumstances RED DYE MARKER is compatible with most pesticides including brush weed herbicides.

Several factors can affect this and therefore it is recommended that on site compatibility tests are carried out prior to using this product.

### CLEANING SPRAY EQUIPMENT

Wash out spray equipment thoroughly after use. If product residue is left in equipment, colouration of subsequent sprays can be expected.

### STORAGE

Store in original container tightly closed, away from sources of ignition and direct sunlight. Store away from foodstuffs, feed, and clothing. Storage must be generally in accordance with the New Zealand Standard for the Management of Agrichemicals (NZS8409).

### CONTAINER DISPOSAL

Ensure container is completely empty. Triple rinse the empty container with water; dispose of washings by adding to spray tank. Recycle through the Agrecovery programme. If this is not possible, bury in an approved landfill or other approved facility. Do NOT burn or re-use container.

### SAFETY DATA SHEET

If additional hazard or safety information is required, refer to the Safety Data Sheet. For a copy refer to our website [www.kiwicare.co.nz/home/commercial-product-safetydata-sheets](http://www.kiwicare.co.nz/home/commercial-product-safetydata-sheets).

### EXCLUSION OF LIABILITY

This product MUST NOT be used for any purpose or in any manner contrary to the controls and conditions of registration and the details outlined on this label. Any person purchasing, handling, or disposing of this product must be suitably qualified.

Please read these conditions of supply before buying and using. If these conditions are unacceptable, return at once unopened.

To the extent permitted by law, buyers and/or users of the goods accept that neither the manufacturer, Kiwicare Corporation Limited as distributor, nor any other distributor have any liability or responsibility whatsoever for any loss, damage, or injury whether in contract or tort, whether direct, indirect, or consequential arising in connection with the supply or use of these goods.

Approved pursuant to HSNO Act 1996, See [www.epa.govt.nz](http://www.epa.govt.nz) (Approval Code HSR002670) for controls.
