

KIWICARE®

NO WASPS™

ELIMINATOR

KILLS WASPS AND DESTROYS NESTS

1.5 kg

CAUTION: Keep out of reach of children

READ LABEL BEFORE USE

- **Diatomaceous Earth improves pick up of insecticide by wasps to carry into the nest.**
- **Ready to use powder for application to nest entrances.**
- **Treats up to 150 nests.**
- **Using powder insecticide helps to keep wasps calm.**

DIRECTIONS

1. From a safe distance watch the wasps for a few minutes to identify the nest entrance.
2. Apply 10-15 g of NO Wasps Eliminator to the nest entrance where wasps land.
3. NO Wasps Eliminator can be applied by bulb duster, hand duster or other similar equipment. If these are not available a long spoon can be used.
4. Check the nest several hours later. If there is still activity repeat the application.

FOR BEST RESULTS

Apply when nest entrances are dry and rain is not expected for 2 hours.

Wasps are less active in low light, to avoid stings apply powder just before dusk or just after dawn.

ACTIVE INGREDIENTS

24 g/kg Permethrin,
955 g/kg Diatomaceous Earth.

HSNO Approval Code HSR101044

WARNING

May cause eye irritation. May cause an allergic skin reaction. May cause damage to organs. Facial skin contact may cause temporary facial numbness.

PRECAUTIONS

The substance must be under the personal control of an approved handler when used by a commercial contractor. We advise wearing beekeeper veil and personal protective equipment. Wear protective gloves, dust mask and eye protection. Facial skin contact may cause temporary facial numbness. Wash hands thoroughly after handling. Avoid breathing powder. Use only outdoors.

Do not eat drink or smoke when using this product. Take off contaminated clothing and wash before re-use. This substance is only for use on wasps.

FIRST AID

If swallowed, drink 1-2 glasses of water or milk. Do not induce vomiting. Seek medical advice or contact the National Poisons Centre on 0800 764 766. If eye contact occurs, flush eyes with running water for 15 minutes. If spilled on skin, wash off with soap and water. If medical advice is needed, have product label at hand.

ENVIRONMENTAL CARE

Very toxic to aquatic life. Toxic to terrestrial invertebrates. Collect spillage. **This product is very toxic to bees. It must not be applied onto bees, bee hives or bee nests. The substance must not be applied into or onto water.**

STORAGE

Store in the original container in a secure, cool, dark, dry place away from children and foodstuffs. Dispose of in garbage as defined by local authority regulations. As Kiwicare Corporation Ltd and their distributors have no control over storage or use of this product no liability for accident or damage will be accepted.
