**READ LABEL BEFORE USE**

**DIRECTIONS**

1. From a safe distance watch the Wasps for a few minutes to identify nest entrance. (Wasp nests have only one entrance.)
2. Shake can well before use. Hold can in an upright position.
3. Stand a safe distance from the nest (at least 2 m) and not directly underneath. For nests in the open - use a sweeping motion to saturate the nest. For nests in the ground - apply a jet into the entrance hole where Wasps land.
4. Check again several hours later. If there is still activity, repeat the application.

**FOR BEST RESULTS**

- ✓ To assist in eradicating Wasps, use as part of the Kiwicare I-2-3 Wasp Control Programme.
- ✓ Wasps are less active in low light; to avoid stings apply spray just before dusk or just after dawn.
- ✓ Apply when Wasp nest entrance is dry, and rain is not expected within 2 hours.
- ✓ Wear protective clothing when treating nests (bee veil, hat, long sleeved overalls and gloves).

**ACTIVE INGREDIENTS** - 1.3 g/kg d-Allethrin and 1.2 g/kg d-Phenothrin.

**WARNING** - Flammable aerosol. Contains gas under pressure, may explode if heated. Do not stand directly under the area being sprayed to ensure insects and spray do not fall onto skin or clothing. Very toxic to aquatic environment and ecotoxic to terrestrial invertebrates.

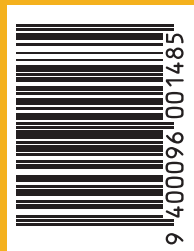

**PRECAUTIONS** - Wear protective gloves, dust mask and eye protection. Wash hands thoroughly after handling. Avoid skin contact and inhalation. In case of inadequate ventilation wear face mask. Do not eat, drink or smoke when using this product. Do not spray onto open flame. Keep away from sources of ignition or high temperatures. **BEWARE: INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND INHALING CONTENTS CAN BE HARMFUL OR FATAL.** May cause paraesthesia to susceptible person and avoid direct contact.

**FIRST AID** - If swallowed rinse mouth and drink 1 - 2 glasses of water or milk. Do not induce vomiting. If eye contact occurs, flush eyes with running water for 15 minutes. If spilled on skin, wash with soap and water. Seek medical advice or contact the National Poisons Centre on 0800 764 766 and have product label at hand.

**ENVIRONMENTAL CARE** - Do not contaminate waterways. Very toxic to aquatic environment and toxic to terrestrial invertebrates. Do not apply to where bees are foraging. Do not apply onto bees, bee hives or nests.

**STORAGE/DISPOSAL** - PRESSURISED CONTAINER, DO NOT EXPOSE CAN TO TEMPERATURES EXCEEDING 50°C or direct sunlight as may occur in cars, near heaters, stoves, fireplaces and open flames. DO NOT INCINERATE OR PUNCTURE THIS CAN, EVEN WHEN EMPTY. Recycle empty cans if facilities allow, or place can in household rubbish.

As Kiwicare Corporation Limited has no control over the storage or use of this product, no liability is accepted for accidents or damage arising from the incorrect storage or use of this product.

**DANGER:** Keep out of reach of children and pets

# KIWICARE NO WASPS™

## NEST KILLER

**KILLS WASPS AND DESTROYS NESTS**

**350 g Net**

**PROUDLY
