

KIWICARE®

PLANT*health* **Buxus Blight Buster**

A fungicide to treat and prevent a range of fungal diseases of hedges, shrubs and ornamentals

www.kiwiicare.co.nz

Background

Buxus blight is a common dieback disease affecting Buxus (box) hedging. PLANThealth Buxus Blight Buster is a protective fungicide for control of Buxus blight, leaf spot, mildew, root rot and dieback on Buxus and other shrubs, ornamentals and roses.

Product

Benefits and Features

- Sulphur group fungicide
- Rainfast once dry
- Preventative and curative of a broad range of fungal disease
- Liquid formulation

Controls

- Buxus Blight, Leaf Spot, Mildew, Root Rot and Dieback

Available As

- 200 ml concentrate (makes 40 L – treats approx. 320 Buxus plants*)
- 400 ml concentrate (makes 80 L – treats approx. 640 Buxus plants*)

*Based foliar and root application to Buxus hedge 0.5 m wide and 1 m high with Buxus spaced 50 cm apart.

Active Ingredients

- Contains - 400 g/L Thiram in the form of a suspension concentrate

Application

Directions

- Shake well before use
- Dilute 5 ml per each litre of water
- Mix well
- Apply using a pressure sprayer or watering can
- Spray foliage to thoroughly cover upper and lower surfaces of leaves. Apply as a drench to roots. Can be applied to root ball and hole prior to planting

Tips

- Prune out any dead material
- Clean all equipment used for cutting between each plant and again after use, to prevent spreading disease
- Rake out leaf litter from below plants as this may harbour disease
- Dispose of leaf litter in your green waste
- Use all the mixture within 24 hours
- Dispose of any unused mixture by spraying onto plants until sprayer is empty
- For ongoing protection apply every 2-4 weeks
- In humid weather apply every 2 weeks
- Avoid application in very hot, sunny conditions, over 30°C for example

Caution

- Do not use in or over water
- It is an offence to use this product on animals
- Not for use on fruit or vegetables

Regulations

- HSNO Approval code: HSR000475. See www.epa.govt.nz for approval conditions
