Proudly NZ made for NZ Conditions

2L EASY TO USE applies 142L

ADVANCED FORMULATION <
SIMPLY SPRAY ON & WASH OFF <
NON-TOXIC & BIODEGRADABLE <
SAFE AROUND KIDS, PETS & PLANTS <

This powerful product is great to remove dirt, grime and salt water from these and many more surfaces.

DIRECTIONS

- 1 Connect the garden hose.
- 2 Turn the spray head to "WATER" and turn the tap on until stream travels about 4m, then turn spray head to "OFF".
- 3 Pointing the hose at the surface to be cleaned turn the spray head to "ON".
- 4 In a sweeping motion cover the area to be cleaned with the solution. Leave for 2-3 mins. Do not allow to dry.
- 5 Turn the spray head to "WATER" and thoroughly rinse off.

Apply to dry surfaces. If using near plants, wet them with water before and after use.

This unique formulation works to penetrate dirt and grime. For tough stuff leave on a little longer before hosing off. If dirt and grime persists then a wipe will usually finish it off.

Perfect on: artificial turf, asphalt, bins, boats, caravans, cars, driveways, fences, fishing gear, garages, garden tools, greenhouses, hot tubs, housing materials, letterboxes, motorhomes, outdoor furniture, playground equipment, sheds, sport equipment, tiles, trailers, umbrellas, walls, water sport equipment, windows and more...

ACTIVE INGREDIENTS: Surfactant blends and complexing agents.

PRECAUTIONS: Read label before use. Keep out of reach of children. Avoid contact with eyes. Wash hands after use.

STORAGE AND DISPOSAL: Store in a cool, dark place in original container. Rinse and recycle or dispose of container in garbage.

FIRST AID: If swallowed, drink 1-2 glasses of water or milk. Do not induce vomiting. Seek medical advice or contact the National Poisons Centre on 0800 764 766. Have product label at hand. If eye contact occurs, flush eyes with running water for 15 minutes.

Note: May affect waterproof coatings overtime.
